**To:** Ravalli County Commissioners  
**Subject:** Website Email -Title X Decision Feedback

Dear Commissioners,

I was shocked when I read the paper today and saw that you voted to not accept the Title X funding of close to \$50,000. This action has denied health care to almost 400 patients as noted in the Missoulian. It seems that personal philosophy has prevailed over common sense and human kindness. Where will the Commission find the money now to support those women who cannot afford health care?

Please reverse your decision and allow an advertised public comment time on this issue. This is a terrible situation and I am saddened today about the loss of care to my fellow Ravalli citizens.

Sincerely,  
Antoinette Thomas  
Stevensville
