To Whom It May Concern:

RE: Linda Isaacs

I am writing this letter in reference to the excellent work ethics and professional attributes of Linda Isaacs.

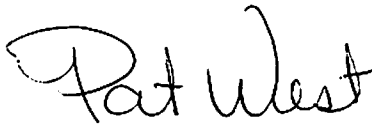

I have worked with Linda at Ravalli County for 4 years and at Black Mountain Software for several years. Linda also trained me for my position as Deputy Treasurer at Lake County.

I recommend Linda for the opening of County Treasurer at Ravalli County. Along with her vast knowledge of the County Treasurer's position comes her understanding and working knowledge of the Black Mountain Software.

I find Linda to be easy to work with, excellent at setting new procedures into motion and taking commend of what needs to be accomplished.

I welcome any employment inquiries for Linda. Linda would be a great asset as your County Treasurer.

Respectfully,

Pat West
