RE; TITLE X MONIES

Any Hadzler (sp) 552-2916 BCC should not reject the Title X monies

Woman at 378-2530 is shocked by the BCC as BCC is taking away family/medical health services for men, women and children who are in need. The BCC will be accountable for t his and she hopes the voters remember this action at the next election. please change your minds and allow funding.

Kit Tilly 381-2612 is disappointed about Title X money being rejected. She feels this program is important for womens health especially the poor.
