Subject: Website Email - women's health title x funds

I urge commissioners Foss, Burrows & Stoltz to reconsider your vote on title x funding. In denying those funds, these 400 women will not be able to access the cancer screenings we tax payers already pay for. Suzy, when I thanked you for your previous YES vote, you told me it was simply the right thing to do. I urge you to change your votes to support the women of this county--as you once said, "It is the right thing to do."
