Dear Commissioners,

I want you to know that I am in full agreement with you on NOT accepting federal funding for Title X "Family Planning Program". There are so many stipulations and hoops to jump through any time federal money is received. It is not our county's job to provide contraceptives and abortion counseling, especially to minors.

Private funds need to be raised to keep this kind of clinic open. Please continue to stand firm in your decision to not receive Title X funds from the federal government.

Thank you for the work you do,
