**To:** Ravalli County Commissioners  
**Subject:** Title X

Please do NOT support Title X with more federal control! I do not want to provide contraceptives and abortion referrals to minors and not be allowed to notify parents. Let's take back control. We need to fund the basic services at the local level. Besides the Title X funds will be required by all insurance companies and everyone will be required to have insurance because of Obamacare which we didn't want but got anyway.

Thanks,  
Pat Gauci
