**To:** Ravalli County Commissioners  
**Subject:** Title X

As a woman who never takes for granted her right to vote, I would like to inform each of you that I am in full support of our county accepting the Title X funds.

You ought to accept the Title X funds for the well being of your voting constituency.

If you must be prideful then you must allow the funds to be available through the Ravalli County Board of Health.

Samantha O'Byrne
