Dear Ms. McCaffrey;

Please be advised that Ravalli County has elected not to continue to administer Title X services under contract with DPHHS. Consider this letter written notice.

There is currently no Task Order between the County and DPHHS in effect, so the County has no specific contractual duties related to any Task Order. The County may have certain continuing duties under the Master Contract with DPHHS. Please inform the Board of County Commissioners, with a copy to Judy Griffin, Public Health Nurse, if you request the County and in providing for the orderly transfer of contract responsibilities.

Sincerely,

  
Jeff Burrows, Chairman
