I thought this would be appropriate for the public correspondence file. Cheers!

The clouds parted, the sun came out and approximately 120 people rallied in support of our Family Planning Clinic on its last day of operation. Our bake sale "Cupcakes for Pap Smears made necessary by Commissioners Foss, Burrows and Stoltz" raised \$250, almost enough for a new patient to visit a private doctor for a Pap Smear. It's going to take a lot of bake sales.... Burrows and Foss both bought cupcakes. Maybe they'll become busy little bakers.

Judy Griffith, our director of Public Health, flanked by staff, spoke to the crowd about how difficult its been to tell clients they will no longer be able to help them.

Great signs! Great participation! What's next?
