- 1) Anon female who lives in Clamilton. Does not want to give her name because Suzy Foss will bad mouth her like she does to those who disagree with her. Wonders what Foss, Burrows &

Stoltz thinks about other people's needs - We buy your health insurance but you won't let our tax dollars come back to pay for those who need these services. This is not just about contraception

- 2) Art Rasen to Suzy Foss - how dare you say 9 out of 10 ^{R.C.} residents agree with you. Maybe those 9 are your friends - you don't know R.Co. residents very well but you will find out what they think about you come ~~to~~ next election.
