Dear All:

Now that the horse is out of the barn, I doubt you will be able to catch up with her. I've been a registered Republican since 18 year olds were allowed to vote in 1972. However, my belief is that as human beings, it is incumbent upon us to work for the greater good. The greater good is supposedly the reason you wish to "serve" our county. There is no greater good in turning down Federal Monies to fund health screenings and preventive care for the poor and disenfranchised. I am appalled by statements I have heard you make collectively and as individuals. I am very disappointed. My disappointments will be evident at the polls and in the community I so dearly love.
