Importance: High

Dear Commissioners,

The broken link mentioned below still is nonfunctioning as of 02OCT2012. In this morning's meeting with the county CFO, she addressed the requests by political candidates for information about the counties finances. If the county would take simple steps like actually posting public information for all to see, many of these requests would be unnecessary and less of the CFO's time would be spent not responding to candidates requests for information.

Please fix the problem.

Sincerely,
Chris Hockman

Dear Commissioners,

Please post the approved FY2013 Annual Budget on the Ravalli Commissioners Budgets and Financial Information webpage. The FY2013 Draft posted there has a broken link and really could be replaced with the approved budget.

Sincerely,
Chris Hockman
