Commissioner Iman

I am writing to you today as a member and citizen of your district and to advise you of my position regarding the commission's decision to revisit the county ordinance restricting advertising signage along county roadways. I ask that you oppose any change to the ordinance that would provide for larger, higher, or more frequent advertising signage along county rights-of-way. I also request that you support any effort to engage a citizens' commission in regards to said issue, should such be necessary or forwarded. As my representative in this forum, I respectfully request that your statements and actions reflect these desires.

Sincerely

Cobey Williamson
