Subject: Billboards are not what I moved here to see!

Dear Commissioners,

I wish to let you know how distasteful I think the proposed sign regulations are to me. I do not believe signs need to be any larger to be effective. 4 by 8 seems to do the job. Further more littering the Bitterroot corridor with huge billboards is not the vision I had when my wife and I settled here. We have a pristine environment and it is our, yours and mine, to make sure it stays that way. Please do not undo what many volunteers did to settle on the current rules.

Sincerely,

Michael Sharkey, WOSTEP
