County Commissioners  
215 So. 4th Street  
Hamilton, MT 59840

Gentlemen:

Please leave the county sign ordinance as is. It helps make the drive to Hamilton not unsightly as it would be with larger signs. We are able to read the signs as they are. Our family really would appreciate not having to view larger signs and possibly more of them.

I think requests for action by County Commissioners should have to be in writing with a name, address, and phone number of the sender or else no action should be taken.

This is just one more issue that the public should have considered without feeling left out of an issue that they formerly had set in place.

Thanks for your consideration.

  
Pauline and Donald Baltz

Please protect and keep the county sign ordinance from 2000.

The commissioner's should sign a pledge that would allow a vote of the public before any change is made. Didn't they ask potential new commissioners to sign pledges? Sign a pledge....who are the commissioners who ask this? Are they grade school children?

**Subject:** A BIG thank you!!

Ravalli County Commissioners: I would like to sincerely thank you for listening and responding to the citizens of Ravalli County with regard to the proposed Sign Regulations. The correct choice has been made to leave the existing ordinance as is. I realize there was mention of revisiting the topic in the future. I would like to be notified if there are future Sign Regulation meetings so I can participate in the discussion. Thank you! Marina Weatherly, Stevensville 777-3546
