

Valerie Stamey Treasurer Ravalli County

We have gone through this now three times you may last you may not, and you may only have this position for the next year and some months. Linda started in our office under the same type of circumstance as you, she proved herself to be a smart, conscientious, reliable worker, who did her job to the best of her ability, she was well liked and will be missed, she proved this to us all.

You have to prove yourself and the best way to help this office is to learn your job as Treasurer, we do were not hired or get paid to do your job. During the election a flyer came to our attention from your campaign stating if you want to know about the hour breaks and 2 hour lunches taken by the treasurers office call me. The phone # was incorrect so you did not receive my call and you may or may not have anything to do with the flyer but it was seen and noted against you. As you have hopefully seen that we do our jobs and never have had a 1 or 2 hr break or lunch.

You have stated to the commissioners that it is a hostile, passive aggressive environment and need cross training. We have all been cross trained to collect money in each department our jobs, we are professional not hostile or passive aggressive, and as stated we have been through this before and you have to prove yourself.

We want what is best for the office and remaining employees which is obviously different from some of the commissioners. The best way for you to prove yourself is to learn the job as Treasurer and performing it correctly, timely. You learning and then doing your job will free each of us on down to complete our jobs, we collect the money for property, mvd.

We welcome that you have seen the need for temps, we have been asking for help for a while, and we are willing to try different things to help the office run efficiently, new sets of eyes are welcome, but we have tried different things some work for awhile and some don't time will tell, as it will also tell with your ability. Your actions will be the proof.
