Dear Commissioners, I am writing to oppose the adoption of your pre-proposed Natural Resource Use Police. The Idea of "invokeing Coordination" seems to suggest that you have found some back door avenue into controlling the Forest Service. You may be waisting your time when when the County can hardly keep up with it's own road and infrastructure. Ravalli County does not have the resources or the experience to bludgeon it's way into management of Federal lands. Many of your goals sound right wing and short sighted. Our wild lands, water, air and view sheds should take presidence over short term employment oppertunities. When we lose our wild lands to corporate interests we might as well be living in Toledo or Fort Worth.

I support the alternate Bitterroot Valley Resource Policy as a much more balanced approach that attempts to protect the very thing that draws and keeps most of us here.

Thank You, Bill Nelson
