Dear Airport Manager, Airport Board, and Ravalli County Commissioners,

As we come off the summer season it appears as though we find ourselves in the same situation we have found ourselves in the past few years. Hamilton Aviation is still advertising as being open for business and yet for days on end are closed. The issue is the same, are you going to allow an operator to not be in compliance with the minimum standards through the slow winter months and then open again to take the cream off the summer?

Respectfully,

Leland Blatter
