Ravalli County Commissioners

--	--	--	--	--

December 31, 2019

Dear Commissioners:

I am Marty Malone, Government Sales Manager for Yellowstone Country Motors in Livingston. As the government sales manager for Yellowstone Country Dodge, Jeep, and Ram Trucks, I can provide you with a very competitive price on your vehicle purchases. Using the local government price incentive offered by Chrysler, your county can have a new vehicle for the price of a used vehicle. Plus, you can select the options that fit the needs of your county and know that the vehicle has a 100,000 mile powertrain warranty that comes with fleet pricing.

Yellowstone Country Motors can provide vehicles to meet the needs of every County department. This includes the SSV Ram Pickups or the new Durango Pursuit designed for law enforcement. Chrysler is dedicated to producing a quality vehicle for law enforcement. Dodge has published a brochure detailing all law enforcement vehicles at <https://www.fcausfleet.com/law-enforcement-vehicles.html>

If your road department needs trucks, I can supply new Dodge Ram pickups at greatly discounted rate. The price of a ¾ Ton Ram regular cab with power windows, air conditioning, and automatic transmission can be purchased for **\$26,499**. Using government concessions, mini vans for senior transportation are in the low 20 thousand range depending on options. These vans make great vehicles for all types of transportation needs including county staff.

For your information, Chrysler offers an excellent program for first responders who may be required to use their personal vehicle to respond to an emergency.

Law enforcement officers, volunteer fire fighters, etc. are eligible for substantial concessions if the following information is documented:

Police/Fire ID badge number and a notarized letter from agency head authorizing said individual to purchase vehicle for emergency response related to their official duties.

For example, a first responder that meets the criteria can purchase a well-equipped Jeep Grand Cherokee for less than **\$30,000**.

If you have any questions, feel free to call my cell at 406-223-1302 or email at marty@ycminc.com
