## **Missoula Proposed Resource Management Plan and Final Environmental Impact Statement**

The Missoula Proposed Resource Management Plan and Final Environmental Impact Statement (Missoula Proposed RMP) are now available at the following website: <https://go.usa.gov/xmyyG>

The Missoula Proposed RMP provides management direction for resources and resource uses on Bureau of Land Management-administered lands and federal minerals in the Missoula Field Office.

BLM planning regulations state that any person who meets the conditions as described in the regulations may protest the BLM's Proposed RMP. To ensure that protests will be considered, the BLM must receive any protests on the Proposed RMP on or before the 30th day following the date the Environmental Protection Agency publishes its Notice of Availability of the Final EIS in the *Federal Register*.

If you have any questions about the Proposed RMP or would prefer to receive a flash drive or print copy, please contact the Missoula Field Office at (406) 329-3914.
