Subject: Corona-19 Concern

Dear commissioners,

I am writing you to give you my concern and view on salon closures. You have the opportunity to help us in this time of great need and safety for the public health. We are in close proximity with people. We can not stay 6' away and perform our services. We can not get federal help without a closer. Please help us! We are doing our best to sanitize and all, but this pandemic is getting worse daily. The closure to salons in Missoula has trickled business down to us. Not complaining about the business, however it is a great safety concern! As of now Missoula, Silverbow, Gallatin, Flathead, counties have closed our business down. Please do something. Be proactive! Remember we voted for you to serve us!

Thank you,

Erica Amt
