Subject: I am begging

Hello Commissioners,

My name is Donna Weidow, I own Bittersweet Salon in Hamilton. Most of you know me and know I always go over and beyond for anyone and everything I love.

At this time I am asking, no I AM BEGGING you to close down salons in the county with the same time frame as our gyms are closed down. As a salon full of self employed workers, our business is down 75% below average and is continuing to go down daily. We can not get any assistance until we are mandated with a closure from our state or county Our own governor closed down SPAS, which the only difference is the wording on our license , not to mention way more people in the room. We are touching all of our clients and definitely can not stay 6 feet away. However if we just decide we close for everyone's safety there is no assistance So again I beg you, please please please CLOSE SALONS down immediately!

Thank you,
Donna Weidow
