

TO: RAVALLI COUNTY COMMISSIONERS

When seeing what looked to be the development of a new driveway next to 297 El Capitan Loop. The Ravalli Road Department was called to question a possible new driveway. The Ravalli Road Department informed us that a permit had been denied, at 307 El Capitan Loop. → C. Rice location

We believe the Ravalli Road Department made an honest and safety related judgement call for that denial.

This is a dangerous corner, especially in the winter. We are asking you, the Ravalli County Commissioners, to strongly agree with the Ravalli Road Department ruling.

Thank you
