## **Montana Legislative Transportation Interim Committee to Meet!**

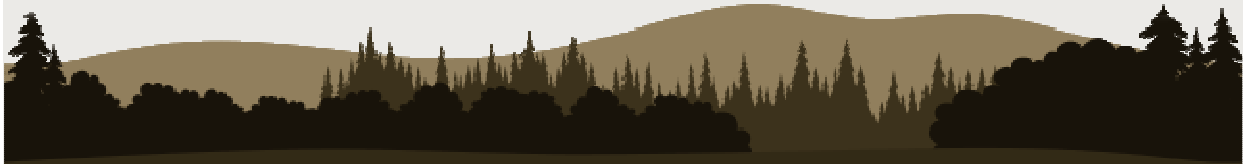

**Monday, June 22 from 9 a.m. to 4 p.m.**

The Montana Legislative Interim Transportation Committee will be meeting this Monday June 22, from 9 am to 4 pm, to consider a number of items including the HJ45: Bicycle and Pedestrian Pathways study. This committee has not met since January due to COVID travel restrictions and the Committee's leadership preference to not meet exclusively via electronic means.

BWMT will be participating, as we have all along, to work with the committee to create dependable funding, at any level, to maintain and hopefully expand our shared use path system in Montana. This virus, stay at home and quarantine reality has more people on our streets and trails, making trips by bicycle or walking. Many of these folks are NEW users and so our chance for progress should never be better!

The agenda for the meeting is online [here](#). HJ45 is scheduled for 10:45 although times can vary. They are practicing social distancing in the capital and there will be some committee members participating in person as well as room for 6 audience members. Temperature checks and other health measures are being taken by the excellent legislative staff. You will be able to participate online by going to the watch and listen function [here](#). If you would like to testify via Zoom, you must request the Zoom information by contacting Sonja Nowakowski at 444-3078 or email at [snowakowski@mt.gov](mailto:snowakowski@mt.gov) by 5 pm on Friday, June 19, 2020.

It's time to re-engage with the legislative process and hope that both MDOT and our legislature will recognize the positive benefits of active transportation and increase support to making our streets safe for all!
