Subject: [EXTERNAL] Local CORVID 19 Testing

It is my understanding President Trump has instructed his Chief of Staff to end federal support for local CORVID 19 testing. How will/would this affect Ravalli County's efforts to protect the health and well being of its citizens? Do the Ravalli County Commissioners support or oppose the President's decision? How will you fund the continuation of local CORVID 19 testing if you support the President's decision to end federal support for local testing? As an alternative to ending support for local CORVID 19 testing, would you support a six month pilot proof of concept project ending CORVID 19 testing for Whitehouse Staff and Political Appointees and their Staffs? If you oppose this decision by the Trump Administration will you issue a press release stating your reasons ? If you support the decision, will you issue a press release stating your reasons.
