Subject: [EXTERNAL] County fair

Chris,

We are writing to thank all of the Ravalli County Commissioners for doing their part to have a full Ravalli County fair. We have been rodeoing from Harlowtown, Ennis, and Big Fork, over the 4th of July weekend and everything went off amazing. The most contestants, and the largest crowds ever showing public support. The only preventative measures were hand sanitizers located by the portapotties. There were only a handful of people wearing masks that were welcome to do so. These successful events, you don't hear about! The majority of the people are tired of this nonsense, but unfortunately we are not the ones who usually voice our opinions as much as we should. It is not right that Ten percent of the people are telling Ninety percent of the people how to live. The overall support and revenue this brought for so many of the business that were struggling due to the shutdowns was overwhelming in each of these towns. When its ok for protestors and rioters and governors who join in with them to assemble in huge numbers without any preventative measures, we should be able to have a wholesome full county fair. We for one are very proud you are taking a stand for our community!
