i am disgusted that you people would allow a group to pressure you into closing down our fair.

This is no pandemic, it is a political weapon and you have shown you have no backbone to stand against the tyranny.

For your information, Democrats do not hold a majority in this county or state. They should not be driving anything.

A virus with a 99% recovery rate is not a public health crisis.

You all work for We the People. You should be taking direction from us not ruling over us and we can certainly make changes through our elections.

Grow a backbone or get out of the way so someone else can lead.
