Subject: [EXTERNAL] Masks Requirements

I find it tragic that you all have so politicized masks and not supported Dr. Calderwood that you caused her resignation. You took a medical issue and made it a political issue. Shame on all of you.

Perhaps you do not have a relative in the medical field, but I have two who know how devastating, dangerous and ugly corona virus is. If we have an increase in deaths in this county, it is your ineptitude and political agenda over the safety of citizens that is the cause. Masks have been proven to reduce the spread, isn't that what should be the primary goal now, to extinguish this virus as much as possible and protect every county citizen?

Dawn Monroe
