Subject: [EXTERNAL] Mask directive

To the commissioners,

I am disappointed in the recent press release regarding the mask directive. I don't see why the county had to weigh in in this manner. Doing so, created further division in the community and made it political. If you as individuals have opinions about it, that is one thing, but I personally do not think it was appropriate to use your elected office as a platform. You are elected by us the people, and you serve all of us and should have all of our best interests at heart, not just the ones who disagree with the Governor or Public Health. In regards to our county being without a county health officer now, I do not think anything less than a Dr. as the county health officer is acceptable either.

Sincerely,

Mary Warren
