Subject: [EXTERNAL] Board of Health Meeting

Dear Chris,

I understand there is a meeting on July 24th, that I cannot attend, but I just want to add my support to the Commissioners and the Sheriff's Department for the stand they are taking to protect the citizens of Ravalli County from government overreach.

There is so much contradictory information from "the experts" out there, that it would be impossible to prove that wearing masks does any good at all and for many of us it harmful on a number of levels. Giving each person the right to choose what to believe and what is best for them and their health needs is the right answer, I think.

Thank you again for supporting us. I appreciate you.

Sincerely,
Carol Northcott
