**Subject:** [EXTERNAL] Support for the governors mask policy

I think it is time to recognize that the only tool we have for controlling the spread of Covid 19 virus at this time is to wear masks in public places and maintain social distancing. While I will miss the County Fair , a public gathering of that size right before school starts almost guarantees an outbreak the would interfere with being able to continue in person education.

It is in the interest of the county to retain experienced workers in the Health Department and in the interest of all of us to express our gratitude for the work they do.
