Subject: [EXTERNAL] Public Comment - Public Health Department Meeting

Dear members of the Public Health Department.

We were saddened by the resignation of Dr. Calderwood. She was doing such a wonderful job and really gave us peace of mind, knowing that she had her finger on the pulse of what is going on with the Coronavirus. It is important to have a medical doctor in this position.

While we know this meeting is not discussing mask use, the non-support of this mandate by our leaders is the reason that we lost this very capable medical doctor. Even the president of the US is finally saying that mask use is important.

Please support our Public Health Department, Commissioners. And to the Board of Public Health, if Dr Calderwood will not return with that support, please find a medical doctor to lead us in this critical time. Thank you.

Sarah and Andy Roubik
Corvallis
