**Subject:** [EXTERNAL] Resignation of the Ravalli County BOH

Attention Commissioner Jeff Burrows, Katie Scholl, Dr. Michael Turner, Roger De Haan and Dr. Wayne Chilcote:

Inasmuch as you have shown yourselves prone to follow draconian mandates rather than analyze relevant health information for Ravalli County and act to preserve health and liberty, we are calling for your resignation. We applaud Dr. Calderwood for recognizing that it was time for her to step down and facilitate a change in leadership.

We regret that your lack of understanding regarding principles of freedom renders you unfit to contribute in a meaningful way to the health of our community at present.

Your actions of extreme overreach have caused significant harm and we demand that our commissioners appoint an entirely new Board of Health.

We invite you to study those principles of inalienable rights inherent to each individual and defended in our United States Constitution so that you may contribute to health and freedom in the future.

Sincerely, Ben and Rachel Lewis
