**Subject:** [EXTERNAL] Accept Dr. Calderwood's resignation

Dear Chris Taggart,

Please do what you can to influence the acceptance of Dr. Calderwood resignation. She is not the kind of a health official we in Ravalli county want to represent our views. She is using unrealistic science as her excuse for promoting the draconian policies of masks and social distancing. The real science of face masks prove that they do not prevent the spread of the Coronavirus flu and that they are actually harmful to the health of the wearer.

These so called health issues are in fact just plain power overreach by these so called health boards. We will not be satisfied until the entire health board is eliminated or replaced with legitimate medically trained individuals that will support actual health issues instead of the political agenda.

Thank you,  
Charles Jordet

P.S. I will be at the meeting tomorrow, Tuesday 28 July, to voice my protest to the commissioners in hopes of the slight possibility that they will be open to hear legitimate opposition to the unconstitutional policies they implement.
