I write to express my support of the county commissioners ACCEPTING the resignation of the current Public Health Official.

The same fact that this "Official" would recommend mandating masks in Ravalli County without a single undisputed, peer-reviewed study stating that masks are capable of stopping this so-called pandemic, is reason enough to remove her from this position of questionable power.

In addition, I encourage the board of commissioners to recind said power in the unaccountable Health Board.

In closing, I encourage the restructuring of the Health Board to be elected persons. Thereby breaking up the friendship relationships currently directing the health decisions in our county.

Respectfully,
Douglas Bohn
