Subject: [EXTERNAL] Public Health Department

Regarding the meeting for July 28 for the Public Health nurse position.

We the people of Ravalli County need this position filled by someone who has the best interest of the citizens for this area in mind.

The latest unconstitutional mandatory put on the citizens was done without the research of scientific evidence of an Epidemic in our area.

I Am speaking for the people that have no choice or not been heard: Our children and elderly in nursing homes. They are being hurt and deprived.

The Public Health nurse should make sound decisions apart from political influences.

Thank you
