Trail Clearing Project

Hamilton, Montana (August 4, 2020) – Bitter Root Back Country Horsemen (BRBCH) and the Bitterroot National Forest are partnering on a trail maintenance project this weekend.

The work will occur August 7-9th on the Darby/Sula Ranger District at Crazy Creek Horse Camp and Twogood Cabin. Trailhead and horse camp maintenance will occur the first day. Over the next two days, volunteers will be clearing the trail to the cabin along with surrounding trails.

Crews and stock will be camping at the Crazy Creek Horse Camp and Twogood cabin throughout the weekend. The public should be on alert and watch out for volunteer work crews and stock at these locations.

For more information on the project visit www.bchmt.org/bitterroot.

BRBCH was established in 1976 and was one of the first chapters in the nation. Their goal is to ensure that stock users can continue to access backcountry and wilderness trails. The chapter annually contributes over 600 personal hours and 425 stock hours on projects, most on the National Forest, that create significant benefits for all trail users and for the natural resources.
