I, Erin Hill believe in the importance of the impact The Ravalli County Fair has on our community and I am in support of having a fully open fair. It is a once a year opportunity where our youth come together and experience team work, responsibility and commitment, which can only be attained through interaction with others. It is also a time honored celebration of our community, culture and American heritage. We know ultimately we are responsible for ourselves and our families and it is imperative that we return to normal by standing together as a community.
