Commissioners:

I am writing to express my support for allowing mail-in voting in Ravalli County. I would have attended the meeting but I didn't know about it, my bad - I will check the County website more often to find out when meetings are occurring.

Voting by mail may actually encourage a higher overall turn out, many people are working on election day, out of town, disabled, or otherwise not able to make it to the polls. The Elections office noted that 2/3 of the County voters already vote by mail and there have been no instances of fraud.

Once again the noisy minority are jumping up and down yelling about their rights illustrating how they are selfish and unable to understand a simple issue of ensuring the safety of all involved by allowing vote by mail. Prior to this it was masks, I'm sure they don't like seat belts, helmets or having to wear shoes either.

These are trying times for all, please err on the side of caution.

VR, Diane Davis
