Subject: [EXTERNAL] Please reject the CCP

Dear county commissioners,

The current turbulence perhaps is the most dangerous time in human history. Many are anxiously seeking a way out.

In this pandemic, both Sweden and Taiwan have never implemented shelter-in-place. But both have enjoyed low infection rates of Covid-19. In fact, both Sweden and Taiwan have chosen to break away from the CCP. Sweden is the first western country that has cut all the sister-city-ties with communist China; and shut down all the Confucius Institutes/classrooms in the last few months.

On June 24, 2020, a global petition was launched to end the demon Chinese Communist Party. Many have come to a realization that what we are experiencing now is a battle of good vs. evil, rational freedom vs. violent communism, peace vs. terrors. May you read and sign the petition.

God Bless.

ELIMINATE THE DEMON CHINESE COMMUNIST PARTY

This pandemic could have been prevented if the Chinese Communist Party (CCP) did not lie. Yet, ever since it took over China, hundreds of millions of people have been suffering from its endless deceptions and brutality. The demon CCP has plundered the ancient land of China, and now its terror has spread globally, affecting everyone. It is time for all of us to reject the devil's work and put an end to the Chinese Communist Party!
