Commissioners,

I am really struggling to understand why you all are backtracking on the voting in-person? First off, if it's a matter of volunteers then put a notice out for volunteers needed. I myself would and I know several other people that would help. If it's a matter of location, again, put out a request for locations needed, the community would step up. I am so tired of the excuses that are being made. There is absolutely not valid reason why people can not vote in person! I see them stand in line in the grocery store, sit in offices, etc. So please put the vote in-person back. Personally, people are starting to get sick and tired of the dirty politics!

Thank you,  
Mrs. James
