Subject: [EXTERNAL] In person voting

I believe we should be able to vote in person. If we do not allow citizens to vote in person, it will just be opening up the doors to fraudulent voting. If there are people that are afraid to vote in person, or those that are physically not able to vote in person, they can still vote by mail, which has always been an option during an election.

If we can shop at Walmart, groceries, etc., we can vote in person. It is a germ for crying out loud! Let us go on with our lives and stop all this nonsense. We cannot live in fear, for that is not living at all.
