**Subject:** [EXTERNAL] In person voting

It is sad to see our country in a state of paralysis because of fear of a germ. If we are to remain a free people, we must act like free people not fearful people. I will gladly stand in line to place my vote in person. It is better than standing in line for government cheese. Mail in ballot voting will be littered with fraud. If you choose to wear a mask then wear the muzzle but let us vote in person.
