Subject: [EXTERNAL] November 2020 general election

Good morning,

In your deliberations of using the fairgrounds as a central polling place for this fall's general election please consider the number of judges available, the size of the space and the possible number of voters coming from the entire county. Is it even logistically possible to accommodate voters in a safe manner with appropriate social distance? Has anyone "done the math" to see if all likely voters can be accommodated on election day?

Elections conducted by mail in ballot have been carried out successfully many times in Ravalli County. I strongly urge the commissioners to decide in favor of conducting the November general election by mail. Thank you for your consideration.
