**To:** Ravalli County Commissioners Office  
**Subject:** Request for information re. annual litigation/liability assessment

Dear Commissioners,

Annually, during the budgeting process, the County Attorney's office provides a litigation liability assessment to the Commission/Finance Office. This assessment serves as a budgeting estimate for anticipated litigation and settlement costs as perceived by the County Attorney's office regarding suits against Ravalli County. In the past, this correspondence between the County Attorney's office and the Board was visible in the Commissioners' Correspondence folder.

Please send the Commission's 2015 budget cycle's estimate for anticipated litigation and settlement costs.

Sincerely,  
Chris Hockman
