Dear Commissioners,

I sent the below email to Chris Hoffman and would like you to read this as well. Thanks for your time!

Thank you again for returning my call and speaking with me last week.

You mentioned something about different people asking for voting to take place in polling places or mail in voting and that the Commissioners having a difficult decision to make. Forgive me if I don't remember your comment quite right.

If I can submit my input - when in a doubt, revert to what's been done in the past - provide polling places for people to go to. I have been doing mail in ballots for some time, but would change that and go to an open polling place if that was available, particularly to show support for our right to assemble in public places.

I may be off on what your comment actually was, but I wanted to submit this for your and the Commissioners' consideration. I'll send this email to the general Commissioners' mail box as well.

Thanks again,
Aaron Rhodes
