Protecting your family and neighbors by wearing a mask isn't an infringement on your 'rights' or a political statement. It is showing concern, caring for others and loving others. I am sickened by how many people in Ravalli county I see that obviously don't care about their neighbors as they go everywhere – including meetings that REQUIRE masks – without one. It is past time for you as commissioners to take a stand to protect the people of our county. At least act like you care about us. WEAR A MASK.
