Subject: [EXTERNAL] masks

Commissioners: It is obvious that covid-19 is winning the "war" on the health of your constituents. There is a staggering number of people infected daily, and those numbers are increasing every day. PLEASE issue a requirement for the use of masks and social distancing. It has been **proven to work**. In addition to national scientists, our own Rocky Mountain Lab tells us to follow those directions.

This should NOT be a political issue. It is a health issue. Please, for the health of all county residents, take action and help stop the spread of this disease.

Sincerely, Jane Cron
