Subject: [EXTERNAL] masks requirement

Hi!

I know that the County Commissioners do not agree with a universal mask requirement, however I do think that the time for requiring all of our citizens to wear a mask has come. Science has proven that mask wearing helps. If wearing seat belts saves lives and wearing cloth masks saves lives then making that simple requirement for a short part of our long lives can be easily met.

Please help our citizens live. Help this virus leave the valley. It is so simple.
