Dear Mr. Hoffman,

Having grown up in Hamilton, I have always supported our local businesses. However, my husband and I have heart conditions that make us vulnerable and at risk if exposed to COVID. As our elected representatives we expect you to protect the citizens of our community. Shop owners should be encouraged to put up signs, “no masks, no service.”

You must support shop owners when they ask customers to wear masks. We can’t force them to bear all the burden of enforcing the use of masks. They should be able to simply refer to a sign from the county commissioners.

It is simply common sense to follow the CDC guidelines on health issues. This should **not** be a political issue!

We refuse to support businesses that do not require masks. If they can’t protect us, they don’t get our business. Therefore, we go to Missoula where masks are a common requirement.

Take your position seriously and do the right thing to support your constituents!!

Sincerely,

Alene Tunny
